

LEARNING FRENCH IN PARIS

In One-to-one tuition course or mini-group course ?

You have just arrived in Paris, and you need to improve your basic French?

You want to enhance your vocabulary, language level and daily conversational ability?

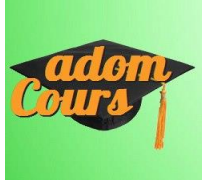

COME AND MEET US!

We will give you the tools to reach your goals! Whether you are **Au-Pair**, **foreign students** or **professionals**, we can provide the course best suited to your needs!

Our team consists of motivated and experienced French language teachers, with an **Alliance Française certificate**.

WHAT IS OUR MAIN OBJECTIVE?

- Developing your **communication skills** for everyday life
- Improve your level on the **CECR European official language competency scale** : A1, A2, B1, B2, C1, C2
- Giving you confidence and language efficiency in your **French speaking professional environment**
- Help you to prepare for the **DELFF, DALF, or TCF certification exam**

WHAT IS OUR TEACHING METHOD?

Step 1 : We set up an inventory of the main language situations you will come across during your stay in France.

Step 2 : We evaluate the strengths and weaknesses in your language skills

Step 3 : We set up a course scheduling based on your specific needs

We mainly work with printed, audio and audiovisual documents and the **Alliance Française learning materials**.

Our method focuses on real life situations and motivates our students to take an **active part in the learning process**.
